- why are people fleeing Libya?

Time 10 min.

3. Discuss the current situation in Libya.

Over the years, Libya has been both a destination and a transit country for many refugees and migrants fleeing poverty, armed conflicts and persecution in Sub-Saharan Africa and the Middle East. Many people reach Libya in the hope of getting further into Europe. The ongoing conflict in Libya has caused thousands of people to flee the country. Thousands of refugees are intercepted in the Mediterranean. They are forced to return to their country. Most of them are men, but there are also women and children. Most people who return to Libya end up in detention centers where they are victims of ill-treatment and forced labour. Refugees and migrants across Libya are being raped, tortured and kidnapped for ransom by traffickers and smugglers. Added to this are exploitation by employers, religious persecution and other attacks by armed groups and criminal gangs.

Time 20 min.

3. Ask students to answer the question again: why do people flee from Libya?

Write the students' most important reasons for fleeing on the board.
